FOOTBALL'S MOST CUSTOMIZABLE HELMET

UR1

The Future of Football Helmets.

A custom fit helmet for a single player. This is the future of football helmets. Schutt has the answer in our UR1 helmet line. With multiple sizes of optimal fit inserts available and 20 individual insert locations, the UR1 boasts 3.6 quadrillions of potential fit configurations. These configurations allow an athlete to have the exact fit needed to provide both protection and comfort. The best part is the UR1 can be re-configured as many times as you want, for as many players as you want. It's football's most configurable custom helmet.

UR1-FC full contact sensors (above) use pressure mapping to capture an athlete's head shape.

Wireless UR1-FC Fitting Helmet

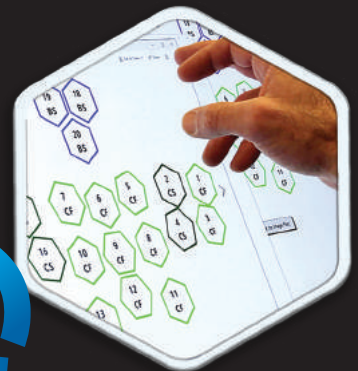

F7 URI

Football's Most Custom Fit Helmet on the Market.

Virtual fitting technology that creates a unique, custom fit for every player. We capture the shape of the player's head using a full contact mapping system inside the **UR1-FC Fitting Helmet** (shown below). The fitting helmet uses ten, full contact sensors to create a complete pressure map of the player's head. The data is then sent to a computer wirelessly where the ARE (Avatar Rendering Engine) system calculates the custom fit right on the screen.

Wireless UR1-FC Fitting Helmet

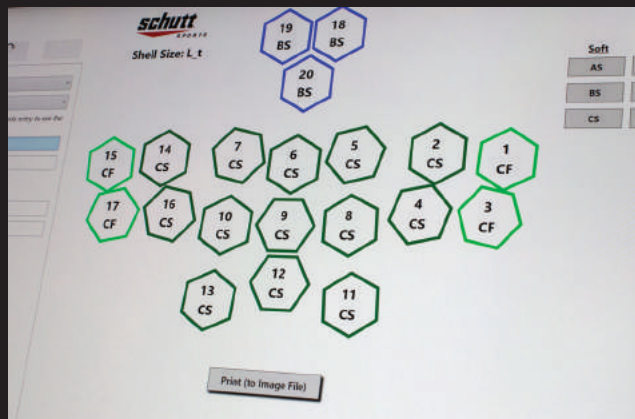

Avatar Rendering Engine (ARE)

AVATAR RENDERING ENGINE (ARE)

Over 3.6 Quadrillion Different Configurations are Possible.

(ARE)

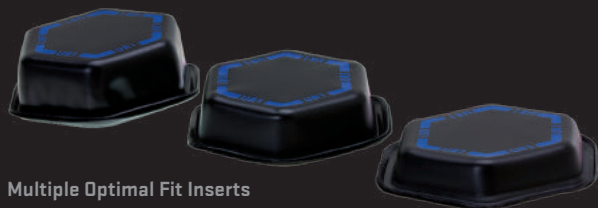

F7 UR1 is RE-CONFIGURABLE. Meaning you can re-configure the helmet for the same player or for a completely new player.

Each athlete instantly gets a personal digital mapping profile read-out sent directly from the fitting helmet to a mobile device that can be used to build the helmet and saved for future reference.

Each pressure map ARE rendering varies among athletes resulting in a perfect customized fit that can be assembled very quickly by a numbering system.

Multiple Optimal Fit Inserts

UR1

Perfect Fit For Any Head Shape

LOW-PROFILE FACEGUARDS MADE FROM TITANIUM

All F7 LTD faceguards are designed to help reduce impact on the helmet. All F7 LTD guards are made from titanium - up to 60% lighter than traditional carbon steel guards. F7 LTD faceguards feature six attachment points. This new design accommodates all major brands of eye shields / visors.

F7 LTD

WARNING: Keep your head up. Do not butt, ram, spear, or strike an opponent with any part of this helmet or faceguard. This is a violation of football rules and may cause you to suffer severe brain or neck injury, including paralysis or death and possible injury to your opponent. Contact in football may result in Concussion/Brain injury which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea, or confusion. If you have symptoms, immediately stop and report them to your coach, trainer, and parents. Do not return to a game or contact until all symptoms are gone and you receive medical clearance. Ignoring this warning may lead to another and more serious or fatal brain injury. NO HELMET SYSTEM CAN PROTECT YOU FROM SERIOUS BRAIN AND/OR NECK INJURIES INCLUDING PARALYSIS OR DEATH. TO AVOID THESE RISKS, DO NOT ENGAGE IN THE SPORT OF FOOTBALL. TO ACHIEVE THE MOST EFFECTIVE PERFORMANCE OF A Schutt HELMET, USE ONLY SCHUTT SPORTS REPLACEMENT COMPONENTS. WARNING: Do not attach any accessories that are not supplied by and/or approved to be worn with Schutt helmets. Attachment of accessories not supplied by or recommended for Schutt helmets will void the warranty and could adversely affect the protective capabilities of the helmet. If you are unsure if an accessory is approved, please visit schuttsports.com. Due to differences in head shapes and sizes, adjustments may be needed to achieve proper fit and/or comfort. Please refer to the fitting instructions booklet included with each new Schutt helmet. Also available at schuttsports.com. Using jaw pads from suppliers other than Schutt Sports will void the warranty.

This product can expose you to chemicals including Ethylbenzene, which is known to the State of California to cause cancer, and Toluene, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

AIR XP PRO Q10 VTD

WARNING: Keep your head up. Do not butt, ram, spear, or strike an opponent with any part of this helmet or faceguard. This is a violation of football rules and may cause you to suffer severe brain or neck injury, including paralysis or death and possible injury to your opponent. Contact in football may result in Concussion/Brain injury which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea, or confusion. If you have symptoms, immediately stop and report them to your coach, trainer, and parents. Do not return to a game or contact until all symptoms are gone and you receive medical clearance. Ignoring this warning may lead to another and more serious or fatal brain injury. NO HELMET SYSTEM CAN PROTECT YOU FROM SERIOUS BRAIN AND/OR NECK INJURIES INCLUDING PARALYSIS OR DEATH. TO AVOID THESE RISKS, DO NOT ENGAGE IN THE SPORT OF FOOTBALL. TO ACHIEVE THE MOST EFFECTIVE PERFORMANCE OF A Schutt HELMET, USE ONLY SCHUTT SPORTS REPLACEMENT COMPONENTS. WARNING: Do not attach any accessories that are not supplied by and/or approved to be worn with Schutt helmets. Attachment of accessories not supplied by or recommended for Schutt helmets will void the warranty and could adversely affect the protective capabilities of the helmet. If you are unsure if an accessory is approved, please visit schuttsports.com. Due to differences in head shapes and sizes, adjustments may be needed to achieve proper fit and/or comfort. Please refer to the fitting instructions booklet included with each new Schutt helmet. Also available at schuttsports.com. Using jaw pads from suppliers other than Schutt Sports will void the warranty.

This product can expose you to chemicals including Ethylbenzene, which is known to the State of California to cause cancer, and Toluene, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

For patent information, visit schuttsports.com/patents

INFLATABLE

STEP 1

Measure the player's head as shown, 1" above the eyebrows around the widest part of the head, using the chart on helmet pages for size guideline.

STEP 2

Lubricate the pump needle generously and insert needle as shown. Do not force the needle into the port; doing so may puncture the liner's opposite wall.

STEP 3

Begin with bottom inflation port on back of helmet. Perform 1-3 pumps. Helmet should be snug against player's head but not overly tight. Excess air is released with valve.

STEP 4

When finished, repeat for top inflation port. Proper inflation will usually require 0-2 pumps, but that may vary.

STEP 5

Helmet's front edge and nose bumper should be approximately 1" above the player's eyebrows.

STEP 6

Attach chin strap to the helmet underneath the faceguard, never above it. Tighten chin strap to be snug and centered on the chin.

STEP 7

Jaw pads should be snug against the player's face, flush with his jaw, without pushing too forcefully into his cheeks.

STEP 8

The helmet should fit snugly, without being too tight. There should be no independent movement of the helmet.

NON-INFLATABLE

STEP 1

Measure the player's head as shown, 1" above the eyebrows around the widest part of the head, using the chart on helmet pages for size guideline.

STEP 2

Attach chin strap to the helmet underneath the faceguard, never above it. Tighten chin strap to be snug and centered on the chin.

STEP 3

Jaw pads should be snug against the player's face, flush with his jaw, without pushing too forcefully into his cheeks.

STEP 4

The helmet should fit snugly, without being too tight. There should be no independent movement of the helmet.

LOW-PROFILE FACEGUARDS MADE FROM TITANIUM

All F7 LTD faceguards are designed to help reduce impact on the helmet. All F7 LTD guards are made from titanium - up to 60% lighter than traditional carbon steel guards. F7 LTD faceguards feature six attachment points. This new design accommodates all major brands of eye shields/visors.

Attachment of accessories not supplied by or recommended for Schutt helmets will void the warranty and could adversely affect the protective capabilities of the helmet. If you are unsure if an accessory is approved, please visit schuttsports.com. Due to differences in head shapes and sizes, adjustments may be needed to achieve proper fit and/or comfort. Please refer to the fitting instructions booklet included with each new Schutt helmet. Also available at schuttsports.com. Using jaw pads from suppliers other than Schutt Sports will void the warranty.

This product can expose you to chemicals including Ethylbenzene, which is known to the State of California to cause cancer, and Toluene, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

VENGEANCE A9 YOUTH

WARNING: Keep your head up. Do not butt, ram, spear, or strike an opponent with any part of this helmet or faceguard. This is a violation of football rules and may cause you to suffer severe brain or neck injury, including paralysis or death and possible injury to your opponent. Contact in football may result in Concussion/Brain injury which no helmet can prevent. Symptoms include: loss of consciousness or memory, dizziness, headache, nausea, or confusion. If you have symptoms, immediately stop and report them to your coach, trainer, and parents. Do not return to a game or contact until all symptoms are gone and you receive medical clearance. Ignoring this warning may lead to another and more serious or fatal brain injury. NO HELMET SYSTEM CAN PROTECT YOU FROM SERIOUS BRAIN AND/OR NECK INJURIES INCLUDING PARALYSIS OR DEATH. TO AVOID THESE RISKS, DO NOT ENGAGE IN THE SPORT OF FOOTBALL. TO ACHIEVE THE MOST EFFECTIVE PERFORMANCE OF A Schutt HELMET, USE ONLY SCHUTT SPORTS REPLACEMENT COMPONENTS. WARNING: Do not attach any accessories that are not supplied by and/or approved to be worn with Schutt helmets. Attachment of accessories not supplied by or recommended for Schutt helmets will void the warranty and could adversely affect the protective capabilities of the helmet. If you are unsure if an accessory is approved, please visit schuttsports.com. Due to differences in head shapes and sizes, adjustments may be needed to achieve proper fit and/or comfort. Please refer to the fitting instructions booklet included with each new Schutt helmet. Also available at schuttsports.com. Using jaw pads from suppliers other than Schutt Sports will void the warranty.

This product can expose you to chemicals including Ethylbenzene, which is known to the State of California to cause cancer, and Toluene, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

INFLATABLE

STEP 1

Measure the player's head as shown, 1" above the eyebrows around the widest part of the head, using the chart on helmet pages for size guideline.

STEP 2

Lubricate the pump needle generously and insert needle as shown. Do not force the needle into the port; doing so may puncture the liner's opposite wall.

STEP 3

Begin with bottom inflation port on back of helmet. Perform 1-3 pumps. Helmet should be snug against player's head but not overly tight. Excess air is released with valve.

STEP 4

When finished, repeat for top inflation port. Proper inflation will usually require 0-2 pumps, but that may vary.

STEP 5

Helmet's front edge and nose bumper should be approximately 1" above the player's eyebrows.

STEP 6

Attach chin strap to the helmet underneath the faceguard, never above it. Tighten chin strap to be snug and centered on the chin.

STEP 7

Jaw pads should be snug against the player's face, flush with his jaw, without pushing too forcefully into his cheeks.

STEP 8

The helmet should fit snugly, without being too tight. There should be no independent movement of the helmet.

NON-INFLATABLE

STEP 1

Measure the player's head as shown, 1" above the eyebrows around the widest part of the head, using the chart on helmet pages for size guideline.

STEP 2

Attach chin strap to the helmet underneath the faceguard, never above it. Tighten chin strap to be snug and centered on the chin.

STEP 3

Jaw pads should be snug against the player's face, flush with his jaw, without pushing too forcefully into his cheeks.

STEP 4

The helmet should fit snugly, without being too tight. There should be no independent movement of the helmet.

FACEGUARD COLORS

DIAMOND COATED
GAME DAY USE ONLY

NOTE: Our custom color finishes add a sleek and dramatic touch of color to your customized helmet. Extended use, however, will quickly diminish the appearance of this paint style. We recommend that faceguards with this paint style be reserved for game day use only and not be used for day-to-day practice.

AQUA TECH

NOTE: Aqua Tech patterns can be applied to any of our faceguards. The patterns shown are just samples of what you can choose from. For the full Aqua Tech library, please see page 46-47.

PRO 7 GEAR

ALPHA SERIES

The Alpha Series from Pro Gear is the ultimate shoulder pad for the elite athlete. All Alpha Series pads are air management pads, feature a flat, low-profile pad design, as well as patented Energy-Loc Foam in the epaulets and shoulder areas. For additional protection and comfort, the Alphas also feature memory foam in the Performance Fit stitching areas.

Virtually anything on the Alpha Series pads can be customized for you. Not just team colors but real performance enhancements: epaulet design, additional Energy-Loc Foam redundant thickness as well as the main body cushion thickness. This is truly an elite, Custom Built shoulder pad for today's elite, Custom Built athlete!

WHAT PAD SIZE IS RIGHT FOR YOU?

PAD SIZE	SHOULDERS
Small	17 - 18"
Medium	18 - 19"
Large	19 - 20"
X-Large	20 - 21"

PL Series pads

PL SERIES

High Octane, Pro-Level Performance, Super Fit and Breathability. Completely Customizable. The PL Series uses sophisticated air management technology, features a low-profile, flat pad design, Performance Fit stitching, optional cool mesh liners and much more. The PL Series features a wide array of custom options, from Total Custom to some models being available in Standard for easy ordering and quick turn-around.

WARNING:
This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov

TOTAL CUSTOM

AVAILABLE WHEN YOU SEE THIS BADGE

"Total Custom*" means a lot more than just team colors for us. Here's just a few of the things you can customize with our Total Custom:

- Many styles of epaulettes and cups
- Thickness of main body cushion
- Redundant pad thickness
- Many channels and auxiliaries to choose
- Choice of material for belts and webbing
- Virtually unlimited number of colors for trim / bias (not limited to team colors)
- Virtually unlimited number of colors for main body cushion (not limited to team colors)
- AND MUCH MORE!

* -Incorporates Patent #10,376,001

Custom Built Gear for Custom Built Athletes.

Available for Alpha or PL Series pads

CUSTOM STANDARD

AVAILABLE WHEN YOU SEE THIS BADGE

Custom Standard means you can choose from our ten team colors for your body cushion and your Trim / Bias.

MAIN BODY CUSHION AVAILABLE COLORS

BLACK	RED	ATHLETIC GOLD	NAVY BLUE	ROYAL BLUE
MARDON	CARDINAL	PURPLE	WHITE	DARK GREEN

TRIM / BIAS AVAILABLE COLORS

BLACK	RED	ATHLETIC GOLD	NAVY BLUE	ROYAL BLUE

- Performance Fit stitching in shoulders gives you a perfect shoulder slope fit
- Energy-Loc Foam redundant in shoulder area

These pieces of protective equipment are designed to reduce the possibility of injury to the specific body part which they cover. Use of this equipment does not guarantee that you will be protected from serious, disabling or permanent injury while playing football. Any modification or alteration without the permission of the manufacturer could reduce the protective capacity.

ALPHA SERIES

AL OL/DL

MSRP: \$649⁰⁰

IDEAL FOR:

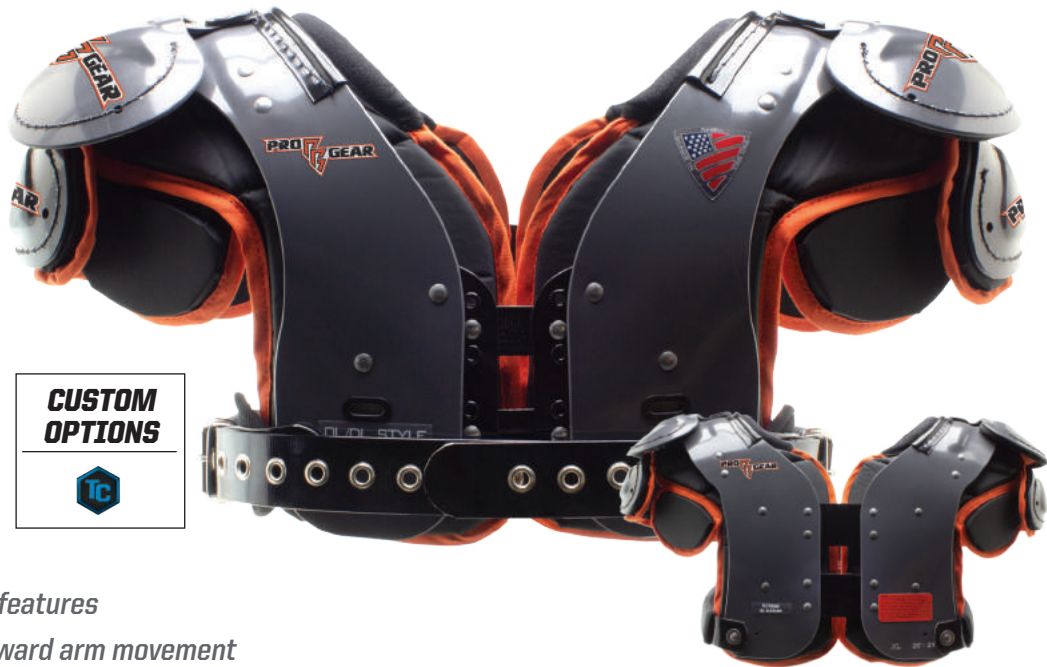

Offensive Line
Defensive Line

ITEM # **AL-OL/DL-S**

AVAILABLE SIZES:

M - L - XL - 2XL - 3XL - 4XL

**CUSTOM
OPTIONS**

- Low-Profile Alpha cushion features
- Designed for improved forward arm movement
- Ideal design and profile for linemen

AL QB/DB

MSRP: \$649⁰⁰

IDEAL FOR:

Quarterback
Defensive Back

ITEM # **AL-QB-S**

AVAILABLE SIZES:

S - M - L - XL - 2XL

**CUSTOM
OPTIONS**

- Low-Profile Alpha cushion features
- Skill-cut epaulets and cups
- Cut-away front arch design

For patent information, visit schutt sports.com/patents

ALPHA SERIES

schutt

AL K/WR

MSRP: \$649⁰⁰

IDEAL FOR:

Wide Receivers
Kickers

ITEM # **AL-WRK-S**

AVAILABLE SIZES:

S - M - L - XL

**CUSTOM
OPTIONS**

- Low-Profile Alpha cushion features
- Shortened arch for complete freedom of movement
- Skill-cut epaulets and cups

WARNING:

This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov

UPGRADES

PRO-MOTION (OPTION) DESIGN

\$100 UPGRADE

AVAILABLE FOR ALL TOTAL CUSTOM ALPHA OR PL SERIES PADS!

WHY PRO-MOTION?

For that Elite Athlete that wants a greater range of motion in their pads. The Pro-Motion Design provides an easy flex up and down motion that increases arm and hand reach. Available in Hybrid or Air Management Cushion.

IDEAL FOR?

The Pro Motion Design option is great for All QuarterBacks, Wide Receivers, Defensive Backs, and Tight Ends. Any position that wants much more flexibility in their pads.

Not Flexed

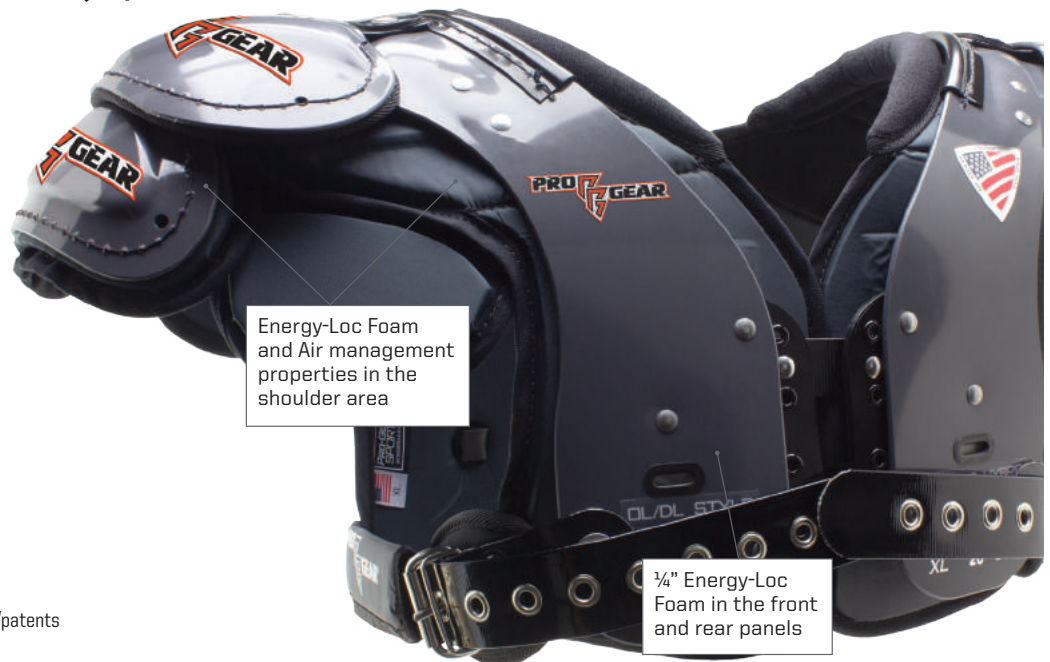

Flexed

HYBRID (OPTION)

AIR MANAGEMENT AND ENGERGY-LOC FOAM TOGETHER FOR A TRULY UNIQUE, HIGH-PERFORMANCE!

The ¼" Energy-Loc Foam front and rear panels give the athlete a low-profile tactical design while the air management technology protects the critical impact areas. There is no other pad like this on the market!

▲ WARNING:
This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer. For more information go to www.P66Warnings.ca.gov

STERNUM PAD

MSRP: \$39⁹⁹

ITEM # **8535-S**

- Additional protection to Sternum
- ½" Air Management Cushion with under plastic support
- Great for Running Backs and Linebackers
- Available for customization (thickness and length)

Size

Small (S) - 5"

Medium (M) - 5½"

Large (L) - 6"

SUBLUXATION ARM RESTRAINT

MSRP: \$100⁰⁰

ITEM # **ASAR-S**

- Limits motion of the arm in all directions
- Multiple grommets for easy adjustments
- Neoprene, non-slip lining

Size Bicep Circumference

Small (S) 11 - 12"

Medium (M) 13 - 14"

Large (L) 15 - 16"

X-Large (XL) 17 - 18"

2X-Large (2XL) 19 - 20"

ENERGY-LOC FOAM REMOVABLE REDUNDANT

MSRP: \$50⁰⁰

ITEM # **PORONTOP**

- Use with any Pro Gear pad
- Increases protection
- Sold in pairs
- See page 73 for customization options.

Patent #10,376,001

ACCESSORIES

1/2" BOOMER

MSRP: \$30⁰⁰

- Increase protection around AC joint
- Position anywhere for optimal protection
- Sold in sets of 4
- See page 73 for customization options

ITEM # **85400003**

BELT SLEEVE

MSRP: \$20⁰⁰

- Protects against rubbing / chafing
- Doesn't limit range of motion
- Sold in pairs
- One size fits all
- See page 73 for customization options

ITEM # **85400001**

GPS POUCH

MSRP: \$30⁰⁰

- Safely and securely holds GPS pod.
- Attaches between two rear arches.
- See page 73 for customization options.

ITEM # **POUCH**

1/2" CLAVICLE BLOCK SET

MSRP: \$30⁰⁰

- Creates stand-off around the AC joint
- Position anywhere for optimal protection
- Sold in sets of 4 (2 small, 2 large)
- See page 73 for customization options

Small	16 - 17"
Medium	17 - 18"
Large	18 - 19"
X-Large	19 - 20"
2X-Large	20 - 21"

SHOULDER PAD SCIENCE THAT DOMINATES

An Air Management pad that offers unmatched comfort, fit and targeted breathability. **Air Management padding** is positioned in the main hitting areas over the shoulders. The front and back of the pad are protected by **heat management, perforated EVA body cushion** bundled with **high-density 3D molded EVA inserts**. It's a combination never before seen on the field! Tactical arch designs maximize range of motion, while Performance Fit stitching brings the fit closer to your body and creates a sleek, more comfortable profile. **Energy Lock redundant padding**, along with **TPU Cushioning** maximize impact absorption and performance.

ENERGY LOCK TECHNOLOGY AND PERFORMANCE

The 02 MAXX shoulder pad is a unique premium shoulder pad that features **Energy Lock Technology** for impact absorption and performance. The technology features a **unique molecular structure** that locks together upon impact, dispersing and reducing impact and energy forces. **Redundant padding**, along with **TPU Cushioning** maximizes impact absorption.

This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov

HOW TO FIT YOUR SHOULDER PADS

STEP 1

Identify the player's position and choose the appropriate Schutt shoulder pad model.

STEP 2

Measure the width of the shoulder span, from the right to left tips of the humerus, using a cloth measuring tape.

STEP 3

Using the cloth measuring tape, wrap around the player's torso to measure the player's chest circumference.

STEP 4

Determine the proper size of shoulder pad (from the measurements) and place them onto the player's shoulders.

STEP 5

Buckle the belts then connect any straps that the shoulder pad uses. Ensure a good, tight fit in the chest and back areas.

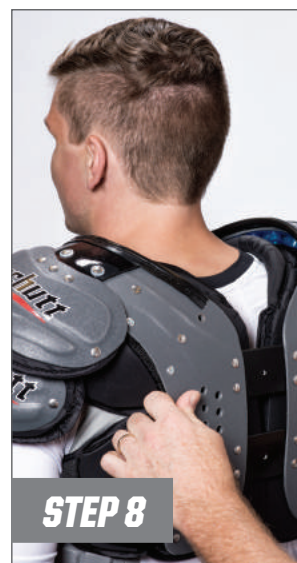

STEP 6

Ensure the shoulder pads are providing proper front coverage by confirming the pads cover the sternum, as well as the front upper shoulders.

STEP 7

Check the collar and neck area to ensure there is no pinching and the fit is not too tight.

STEP 8

For proper coverage in the back, confirm the pads are covering the scapula and rhomboid areas. The player should have maximum range of arm motion.

PROTECTIVE PADS

LOW-PROFILE FOREARM PAD

MSRP: \$12⁰⁰

- Tapered sleeve design
- Moisture wicking polyester fabric with mesh vents
- Low-profile protective padding
- Lightweight and flexible
- Sold in pairs

ITEM #	SIZE	LEVEL
13024003	Small	Youth
13024004	Medium	Varsity

FOOTBALL ACCESSORIES

TARGET TRAINING SYSTEMS

MSRP: \$275⁰⁰

The Dead-On Target Training System trains your mind as well as your body. The patented design of Dead-On Sports Precision Targets gives a visual imprint and extends beyond your regular training routines by using mind mapping to increase accuracy and consistency. Accuracy is built through increased concentration and focus, and Dead-On targets encourage these.

ACCURACY-BUILDING TARGETS

Improves accuracy and consistency by giving you a precise point of impact while blocking out visual noise for maximum concentration.

VERSATILE DESIGNS

Makes it ideal for long snappers and QBs, setters as well as hitters. The frame can be outfitted with a Strike Zone for softball or baseball pitching and fielding practice.

DURABLE CONSTRUCTION

The frame is built from 16-gauge steel tubes and the target sheets are created from ultra-durable 18-oz vinyl. You can expect years of use from your targets.

ITEM #	DESCRIPTION
12829308	Complete football set (includes DO-18 target)
12829305	DO-18 Target
12829304	DO-15 Target
